PRICING OF AND PAYMENT FOR FOOD SERVICES

The MSAD#1 Board of Directors issues the following guidelines for handling payment of meals by students.

It is the responsibility of each student(s) and parent(s) to pay for the meal in advance or at the time of the service of the meal. K-5 students are asked to pay at the beginning of the week for the meals served for that week. 6-12 students will participate in the POS (Point of Service) system provided by district.

Food pricing strategies shall conform to Federal and State regulations and be designed to encourage the purchase of nutritious foods. It is the policy in district schools that when school lunch is desired, unless a student qualifies for free lunches, payment is expected by or for the student on that day or in advance. Should there be any difficulty in obtaining payment, procedures will be followed per policy EF-R.

No student will be denied food as a disciplinary measure.
